Hand-drawn site plan of the intersection of S. Vance St and W. Franklin Blvd. The plan shows a north arrow pointing towards the top right. S. Vance St is a vertical street on the left, and W. Franklin Blvd is a horizontal street at the bottom. A building footprint is located at the southeast corner of the intersection. The building has two sections labeled '1239' and '1241'. A 'Dresser couplings 3/4 transition' is noted near the building. A '3/4 plastic tee' is also indicated. A 'Stub' is shown extending from the building towards the center of the intersection. Dimensions are provided: '160'' from the center line to the stub, '118'' from the center line to the building, and '362'' for the width of the intersection. A 'CENTER LINE' is marked for both streets. A 'EDGE OF PAVEMENT BACK OF CURB' is also indicated. The plan includes various handwritten notes and numbers, including 'P.S. 1150', '031 083428', '0-34', and '034'.
